

## Prayer Insert for May 4, 2025

**Winston Tilzey** is having terrible pain in his back and is hardly able to move. Please pray that the Lord would ease his pain and give his doctor wisdom to know how to treat it. He asks that, if anyone wants to call him, they use his cell phone 208-880-9601.

**Kandee Harris** The international student with serious medical issues is slowly recovering. If you would like to contribute towards his medical needs, you may designate a gift earmarked for him and his needs. He is very religious and serves the god of his culture, but will spend Easter with his "friendship family." Pray that the Lord opens his understanding of the wonderful good news of Christ's love for him.

**Bryan Buckles' mom, Bonnie**, has Stage 3 colon cancer. She was hospitalized last weekend with an infection; doctors are now waiting another month before treatment. Pray for wisdom re: treatment and pray for her husband, Joe.

**Kara Parkin** Please continue to pray for her. Her recovery from Bell's Palsy has been very slow.

**Doug Sweaney** Pray for peace and comfort for his daughters, Penny and Janelle; their mother, Zelda, died last week. Doug's wife, Judy, their stepmother, also died recently.

**Jan Bishop** Keep praying for Jan as she builds up her strength following her chemotherapy.

**Bob Haskins' grandson, Luke**, pray re: his surgery on May 5 (in Philadelphia) to remove some of the tumor from his back. Pray that no nerves are severed during the surgery; he will be hospitalized for 10 days. Pray also for a room at the Ronald McDonald House for his parents and for their peace of mind.

**Nonna Wagner** "My brother-in-law, Randy Talich, a strong Christian, has been diagnosed with multiple myeloma. He is requesting prayer for decisions re: treatment. Please also pray for Sharon as she walks this road with him."

**Anita Siewert's brother, Johnny**, recovering from hip surgery. Thankfully, he didn't need a pacemaker. Praise that Anita and her sister are able to visit him in Colorado this week.

**Vic and Dona Terry's granddaughter, Marisa**, has been able to return to work, thankfully. Dona will update us again, closer to the baby's due date this summer.

**Praise for Freddie Harris' brother Johnnie** who recently had a heart attack. He is out of the woods now and the family is so grateful he has another chance to consider the love of the Lord Jesus. Please pray for his cont'd recovery and that he will turn to the Lord.

**Baby Axl** is still hospitalized but his lungs are growing and he is requiring less help with breathing. They are thinking he can go home this winter. Thanks for continual prayers!

**Warna Sears' cousin Jenni** Please continue to pray for her healing and recovery.

**Claudette Osler** - praise! She has been able to return to church!

**Nonnalee Parker** Please continue to pray for my past preschool student, Jett, and his family. Pray for peace and comfort; he is now on Hospice.

**AWANA** Please pray for the May Vacation Bible School program - for the children and all those helping.

**Meghan Conant's friend, Lydia**, who recently lost both her parents. They were believers, but Lydia is heartbroken; she now has the sad task of selling her parents' home.
